

UNIVERSITY OF  
BIRMINGHAM

School of Physics & Astronomy

making physics matter

Dear Head of Physics,

**SIXTH FORM PHYSICISTS OF 2012/13 – OPEN TO ALL SCHOOLS IN BIRMINGHAM, SOLIHULL & SURROUNDING AREAS**

The School of Physics & Astronomy at the University of Birmingham is pleased to invite you to nominate your best Y12 Physics student in 2012-13 for an award.

This initiative is sponsored by the Ogden Trust, who support similar initiatives in Coventry & Warwickshire, Oxfordshire, Merseyside and other parts of the country. Students receiving awards will also be eligible to apply for Ogden Trust Scholarships to support future degree courses.

The criteria you use to select your student is entirely up to you, but could be based on module results or progress made during their AS Level course (or equivalent), exceptional contribution in class, exceptional progress despite difficult circumstances etc.

**To nominate your student, please complete a nomination form (available on the website below) and return it to the address below before Friday May 31<sup>st</sup> 2013.**

We will be hosting a presentation evening at the University of Birmingham in June/July 2013, with a buffet supper for the area's nominated students and their guests, including parents and or teachers. During the evening, there will also be opportunities to hear an interesting talk on a current Physics topic and see demonstrations and chat to some of our researchers. This will be a special evening to celebrate the talents and hard work of the students, where certificates and prize book tokens will be presented by the School and the Ogden Trust.

We look forward to receiving your nomination soon.  
Yours sincerely,

*Lynne Long*

Lynne Long,  
Schools Liaison Officer,  
School of Physics & Astronomy
